T10 Series Datasheet

T10-0705

T10-1505

■ **Description:**

Edison-Litek Filament Auto Bulb Series Patented innovative technology. Perfect lighting pattern with new generation LED and suits full range applications in automotive.

■ **Features:**

- 5 times brighter than halogen
- Low temperature; Low decay rate; Long lifespan
- CANBUS free
- 360° lighting distribution
- Flexible CCT range for customization

Edison - Litek

Expert in Automotive Lighting

Characteristics

Parameter	Value		Units
Input Voltage	12		V
Power	0705-0Ω	1.0	Watt
	0705-270Ω	1.8	
	1505-0Ω	1.5	
	1505-270Ω	2.2	
Product type	Off-road		
Polarity	Polarized		

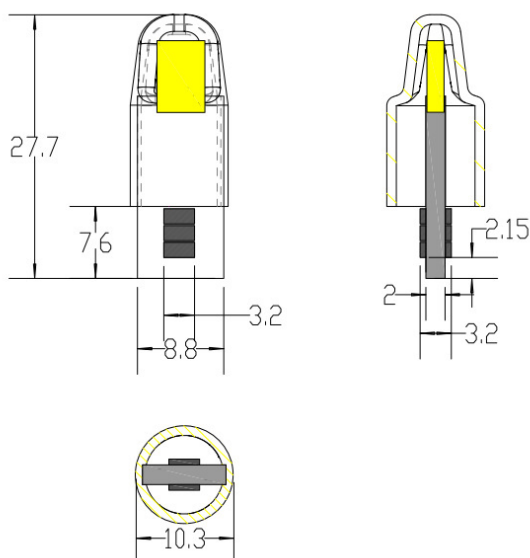

Electro-Optical Characteristics (Ta=25°C)

T10-0705 PN	CANBUS	Color	CCT(K) Typ.	Flux(lm) min.
7CZP100003	270Ω	Cool White	6000K	90
7CZP100004	0Ω			

T10-1505 PN	CANBUS	Color	CCT(K) Typ.	Flux(lm) min.
7CZP100001	270Ω	Cool White	6000K	170
7CZP100002	0Ω			

Mechanical Dimensions

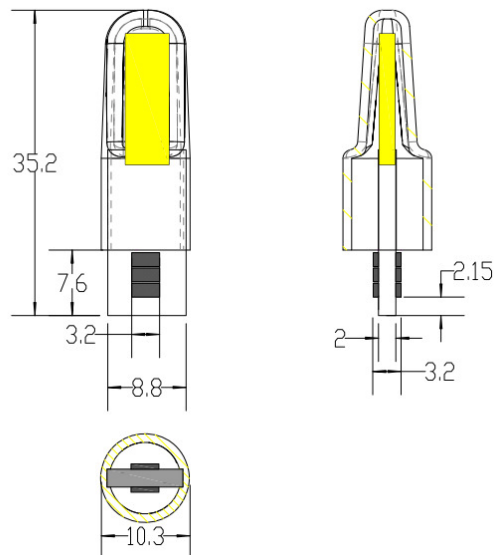

T10-0705 Series

Edison - Litek
Expert in Automotive Lighting

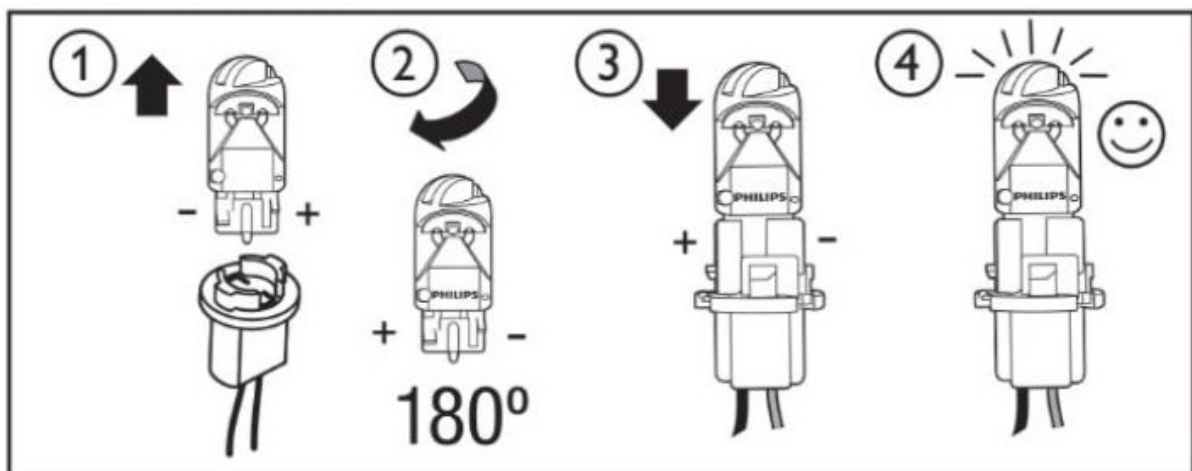

T10-1505 Series

Notes:

1. All dimensions are measured in mm.
2. Tolerance : ± 0.20 mm

Product assembly

Unable to light after installation, please rotate 180°
